Tender No:	79694
Tender Title:	Drainage Pipes and Products
Tender Description:	The City of Stirling seeks to establish a Preferred Supplier Panel for the supply and delivery of drainage pipes and related drainage products to the City of Stirling. The specification sets out the minimum requirements for qualified and experienced suppliers, including delivery expectations, product standards, inspection requirements, traffic management, and the safe handling and securing of goods delivered to City sites. The scope includes, and is not limited to, the manufacture, testing, supply and delivery of precast reinforced concrete drainage pipes and associated drainage products, including manhole liners, bases and covers, side entry pits, grates, gully covers, soakwells and headwalls. All tendered rates are to include delivery to any site within the City, unloading and safe stacking in accordance with applicable WorkSafe WA requirements. Delivered goods may be inspected by the City, and any defective goods identified must be rectified by the supplier. Products supplied under the Contract must comply with the relevant Australian Standards, legislative requirements and specification drawings. Tenderers are responsible for ensuring that all products are suitable for their intended purpose and achieve the required structural and technical performance.
