

Business Brews

**Your future,
our focus**

**Join us for a bold
blend of networking,
ideas sharing, and
future-focused
discussions.**

**See over to learn how
you can get involved.**

What's important for your business to thrive over the next decade?

To ensure we're strategic and intentional about our shared future, the City is undertaking a major review of our Strategic Community Plan (Sustainable Stirling 2022–2032).

The City of Stirling is inviting local businesses to join us for a bold blend of networking, ideas sharing and discussion about the future.

Business Brews is your opportunity to get together to build connections, chat about business issues and identify priorities for businesses to thrive over the coming decade.

Feedback from Business Brews will feed directly into the Future Insights Survey and inform what Council should focus on over the coming decade.

Your local Business Brew will be held at:

**Lady Annie Café
4/672 Beaufort St, Mount Lawley
Thursday 14 August
5.00pm to 7.00pm**

There are no facts from the future—that's why we need your voice to help make Stirling an even better place.

For more information, scan the QR code, contact the City on (08) 9205 8555 or visit www.stirling.wa.gov.au/FutureStirling
