

Future
Stirling

Your future, our focus

We need your
help to make our
community an
even better place.

See over to learn how
you can get involved.

Get involved

The City of Stirling is committed to building the future our community deserves. There's so much to love about our City—from our close proximity to the Perth CBD, vibrant cultural and entertainment precincts, and pristine coastline, to our natural areas and enviable lifestyle. Stirling is truly a place of opportunity.

To make sure we're intentional and strategic about our shared future, we're undertaking a major review of our Strategic Community Plan (Sustainable Stirling 2022–2032).

Future Stirling is your chance to shape what comes next. We're inviting residents, students, businesses, clubs, and visitors

Got a minute to complete our Future Insights Survey?

Got an hour to host your own Future Convo?

Got a day to get involved in a Community Workshop?

to join the conversation. Through a range of community activities, we're gathering ideas and insights to guide Council's focus over the next decade.

There are no facts from the future—that's why we need your voice to help make Stirling an even better place.
