

Using your kitchen caddy

Three simple steps to help you sort your food scraps for composting.

Only use compostable liners.

When choosing liners, look for the compostable logo.

1

Line the caddy with your compostable liner, or go nude and place scraps directly into the caddy.

Your caddy is dishwasher safe.

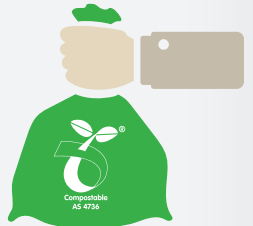

2

Place all your food scraps in the caddy and other compostable material like coffee grounds.

3

After 2-3 days, or once the liner is full, place it into your FOGO bin. Food scraps can also be placed loosely in the bin.

Please contact the City if you require more compostable caddy liners.

Make landfill the last resort. Find out how at wastesorted.wa.gov.au
