Welcome to Lawley Ward News, full of services, events and projects in your local area.

With summer almost here, it also means my favourite time of year: Christmas. It's a time to spend with loved ones, to show kindness to those who may need extra support and to celebrate all the great things we have in the City of Stirling.

It's the perfect time to visit the beach or enjoy our fantastic facilities and know that our team is working to help keep you, your family and friends safe. I wish you all a very Merry Christmas and a Happy New Year.

Local news

In September, the City hosted walks in each of our 30 suburbs with 'Local Convos' that tap into locally-led knowledge and priorities. The walks in the Lawley Ward helped the community connect, chat about local needs and identify priorities.

History and Heritage Local Convo in Mount Lawley.

The local community describes the Lawley Ward as a quiet, green and friendly neighbourhood. Key priorities include community safety, affordable housing and supporting local cafés and restaurants. The City is committed to enhancing safety, responding to residents' concerns with increased community safety patrols.

We asked residents what they love about their suburb and learned what matters most to locals. Many highlighted the peaceful atmosphere, the beautiful green spaces like Yokine Regional Open Space and the friendly community spirit. The safe, clean environment and the range of recreational centres and parks for community activities were also important.

Residents appreciated the convenience of nearby amenities within walking distance, access to public transport routes, and the suburb's proximity to the CBD. Residents told us Lawley Ward is an active and vibrant community to live in.

Yokine Regional Open Space.
