

Carine Skate Facility Landscape Upgrade

The landscape upgrade of the Carine Skate Facility is scheduled to be undertaken between 11 May 2015 and 16 June 2015.

Completion of the works during this period will be dependent on weather conditions.

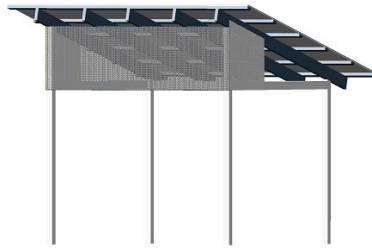

During construction the areas in which works will be occurring will be fenced off for safety.

The landscape upgrade includes the construction of seating areas, a new entry pathway, shelter and table and an upgrade of the drinking fountain.

For more information please contact the City of Stirling on 9205 8555.
